Product Safety Guide

Reference Guide
(only for certain models)

Secure Network Access
Your machine's default password is on the label on the back of the machine (preceded by "Pwd").
We strongly recommend you change it to protect your machine from unauthorised access.

NOTE:
• The available connection interfaces vary depending on the model.
• You must purchase the correct interface cable for the interface you want to use.

USB cable
We recommend using a USB 2.0 cable (Type A/B) that is no more than 2 metres long.

Network cable
(For HL-L5100DN(T) / HL-L5200DW(T) / HL-L6200DW / HL-L6250DN / HL-L6300DW(T) / HL-L6400DW(T))
Use a straight-through Category 5 (or greater) twisted-pair cable.

Parallel cable
(For HL-L5000D)
Use the parallel cable provided with the machine. If the parallel cable is not provided with the machine in your country or region, please contact Brother customer service or your local Brother dealer to purchase the optional parallel cable (PC-5000).

• The illustrations in this Quick Setup Guide show the HL-L5200DW and the HL-L6400DW.

---

1. Remove the packing materials and install the drum unit and toner cartridge assembly
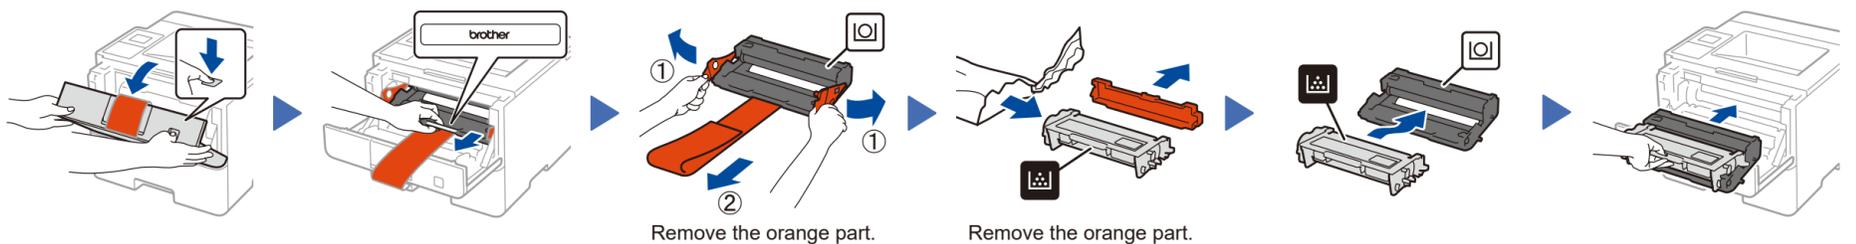

HL-L5000D / HL-L5100DN(T) / HL-L5200DW(T) / HL-L6200DW / HL-L6300DW(T) / HL-L6400DW (For Oceania)

Discard the silica gel pack.
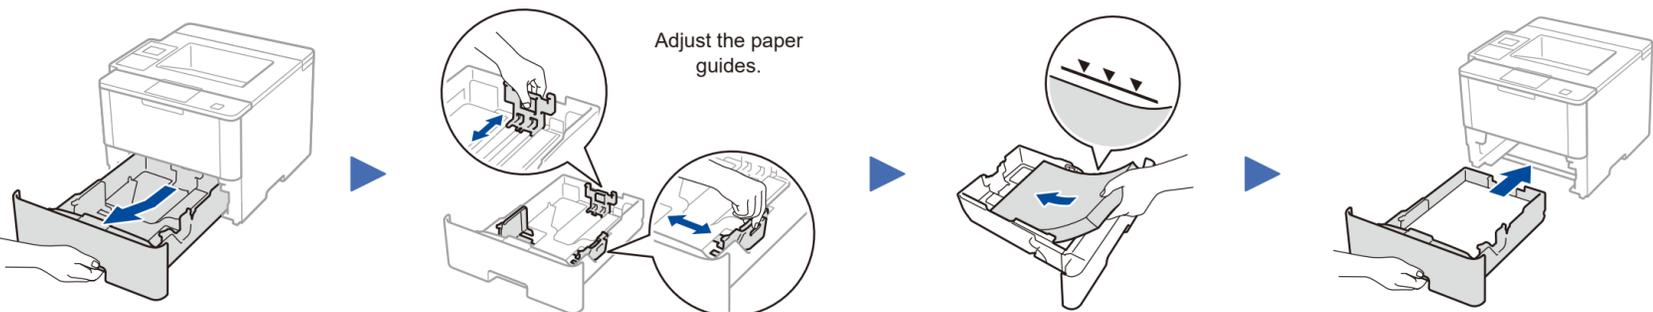

Remove the orange part.

HL-L6250DN / HL-L6400DW (Except for Oceania) / HL-L6400DWT

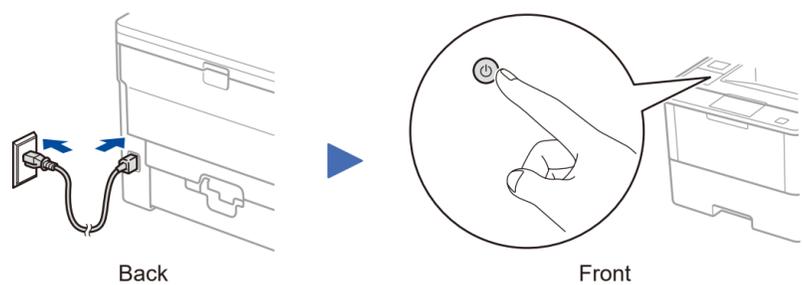

Remove the orange part.

Remove the orange part.

---

2. Load paper in the paper tray

Adjust the paper guides.

---

3. Connect the power cord and turn the machine on

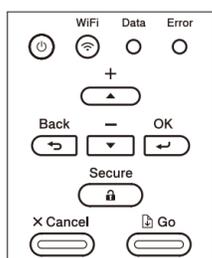

Back

Front

---

4. Select your language (if needed)

■ For LCD models
1. Press ▼ or ▲ to select [General Setup], and then press **OK**.
2. Press **OK** to select [Local Language].
3. Press ▼ or ▲ to select your language, and then press **OK**.
4. Press **Cancel**.

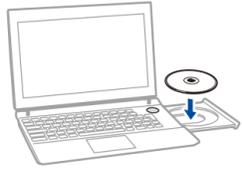

■ For Touchscreen models
1. On the machine's Touchscreen, press
▢[Settings] > [General Setup] > [Local Language].
2. Press your language.
